TABLE OF CONTENTS

PART A – DEPARTMENT ORGANIZATION……A-1

Section A1.00 – Functions and Responsibilities……..A-1
Section A2.00 – Other Participating Organizations……..A-3

PART B – CONTRACT ADMINISTRATION……...B-1

Section B1.00 – Contract Award.....B-1
Section B2.00 – Preconstruction meeting B-1
Section B3.00 – Right-of-Way Agreements.....B-3
Section B4.00 – Public Relations.....B-4
Section B5.00 – Schedule of Work B-4
Section B6.00 – Control of Material B-9
Section B7.00 – Sublet Work and Subcontractor Approval.....B-11
Section B8.00 – Notice to Proceed.....B-13
Section B9.00 – Plans and Specifications B-13
Section B10.00 – Contract Changes.....B-18
Section B11.00 – Contract Time Charges B-24
Section B12.00 – Estimates for Payment B-30
Section B13.00 – Utility Adjustment Procedures B-33
Section B14.00 – Miscellaneous Contract Requirements B-34
Section B15.00 – Claims Procedure.....B-36
Section B16.00 – Semi-Final and Final Inspection B-38
Section B17.00 – Contract Acceptance.....B-40

PART C – OFFICE PRACTICES AND PROCEDURES C-1

Section C1.00 – Project Construction Diary C-1
Section C2.00 – Project Records.....C-2
Section C3.00 – Filing Practice.....C-4
Section C4.00 – Estimate Books.....C-7

PART D – FIELD PRACTICES AND PROCEDURES D-1

Section D1.00 – Construction Inspection..... D-1
Section D2.00 – Ticket Control D-5
Section D3.00 – DelDOT Safety Requirements..... D-7
Section D4.00 – Construction Surveying and Layout D-8
Section D5.00 – Mobile Radios D-15

PART E – STANDARD CONSTRUCTION PROCEDURES..... E-1

DIVISION E200 – EARTHWORK E-1
Section E200 – General Earthwork Information E-1
Section E201 – Clearing and Grubbing.....E-5
Section E202 – Excavation and Embankment E-9
Section E203 – Channel Excavation E-24
Section E204 – Muck Excavation E-26
Section E205 – Rock Excavation for Roadway E-27
Section E206 – Rock Excavation and Backfilling for Structures and Trenches E-30
Section E207 – Excavation and Backfilling for Structures E-31
Section E208 – Excavation and Backfilling for Pipe Trenches.....E-34
Section E209 – Borrow E-36
Section E211 – Removal of Structures and Obstructions E-38
Section E299 – Earthwork Tests E-39
DIVISION E300 – BASE COURSES E-43
Section E300 – General Information.....E-43

Section E301 – Select Borrow Base Course E-47
Section E302 – Graded Aggregate Base Course E-49
Section E304 – Asphalt Stabilized Base Course E-50
DIVISION E400 – BITUMINOUS PAVEMENTS E-56
Section E401 – Hot-Mix, Hot-Laid Bituminous Concrete Pavement E-56
Section E402 – Hot-Mix Bituminous Concrete and Cold-Laid Bituminous Concrete for Temporary Roadway Material (TRM) E-63
Section E404 – Bituminous Surface Treatment E-63
DIVISION E500 – RIGID PAVEMENT E-70
Section E501 – Portland Cement Concrete Pavement E-70
DIVISION E600 – MAJOR STRUCTURES E-82
Section E600 – General Structures Information E-82
Section E601 – Timber Structures E-84
Section E602 – Concrete Structures E-84
Section E603 – Bar Reinforcement E-95
Section E604 – Bar Reinforcement, Epoxy Coated E-98
Section E605 – Steel Structures E-98
Section E606 – Metal Bridge Railing E-114
Section E608 – Coarse Aggregate for Foundation Stabilization and Subfoundation Backfill E-114
Section E612 – Reinforced Concrete Pipe E-115
Section E614 – Corrugated Pipe E-117
Section E619 – Installation of Piles E-117
Section E621 – Timber Sheet Piles E-124
Section E622 – Permanent Steel Sheet Piles E-125
Section E623 – Prestressed Reinforced Concrete Members E-127
DIVISION E700 – MISCELLANEOUS CONSTRUCTION E-128
Section E701 – Curb and Integral Curb and Gutter E-128
Section E708 – Drainage Inlets and Manholes E-129
Section E713 – Geotextiles E-130
Section E715 – Perforated Pipe Underdrains E-131
Section E720 – Galvanized Steel Beam Guardrail E-132
Section E727 – Fences and Gates E-134
Section E732 – Topsoil E-134
Section E734 – Seeding E-135
Section E735 – Mulching E-136
Section E736 – Sodding E-137
Section E737 – Planting E-138
Section E744 – Conduit Junction Wells E-142
Section E745 – Conduits (Non-Metallic or Galvanized) E-142
Section E746 – Pole Bases E-143
Section E749 – Reinforced Concrete Sign Foundations E-144
Section E799 – Other Miscellaneous Construction E-144
DIVISION E800 – MATERIAL DETAILS E-151
Section E800 – General E-151
Section E812 – Portland Cement Concrete E-151
Section E823 – Hot-Mix, Hot-Laid Bituminous Concrete E-153

PART F – SPECIAL CONSTRUCTION PROCEDURES F-1

DIVISION F200 – EARTHWORK F-1
Section F202505 – Settlement Platform F-1
Section F202528 – Piezometer F-2
DIVISION F300 – BASE COURSES F-3
Section F304502 – Soil Cement Base Course F-3
DIVISION F600 – MAJOR STRUCTURES F-7
Section F614861 – Structural Plate Arch (Steel) F-7
Section F619500 – Dynamic Pile Testing By Deldot F-8

Section F619508 – Quick Pile Load Tests F-8
Section F620527 – Modified Quick Pile Load Tests F-8
Section F622508 – Precast Prestressed Concrete Sheet Pile F-9
DIVISION F700 – MISCELLANEOUS CONSTRUCTION F-11
Section F715501 – Wick Drains F-11
Section F742500 – Flagger F-13

PART G – CONSTRUCTION EQUIPMENT G-1

DIVISION G200 – EARTHWORK EQUIPMENT G-1
Section G201 – Bulldozers G-1
Section G202 – Backhoes G-4
Section G203 – Scrapers G-6
DIVISION G300 – BASES G-11
Section G301 – Motor Graders G-11
Section G302 – Compaction Equipment G-12
DIVISION G400 – BITUMINOUS PAVING EQUIPMENT G-20
Section G401 – Hot-Mix ASPHALT Pavers G-20
Section G402 – Compaction Equipment G-24
Section G403 – Milling Machines G-25
DIVISION G500 – CONCRETE PAVING EQUIPMENT G-33
Section G501 – Concrete Pavers G-33
Section G502 – Profilographs G-41
Section G503 – Autograder G-43
DIVISION G600 – STRUCTURES G-47
Section G601 – Cranes G-47
Section G602 – Pile Driving Equipment G-52
DIVISION G700 – MISCELLANEOUS CONSTRUCTION G-71
Section G701 – Hydroseeders G-71
Section G702 – Traffic Paint Stripers G-74

PART H – STANDARD FORMS H-1

PART I – GLOSSARY I-1

PART J – APPENDICES J-1

APPENDIX A – ENGLISH/METRIC CONVERSION FACTORS J-1
APPENDIX B – GEOMETRIC AND TRIGONOMETRIC REFERENCE CHARTS J-4
APPENDIX C – FEDERAL HIGHWAY ADMINISTRATION J-15
